

## IC SILVER OPENROUND

Triad's largest open-back ceiling speaker has a lot to offer at a reasonable price, both in performance and looks. The InCeiling Silver OpenRound features a cast basket 6.5Ø carbon fiber woofer, and an adjustable and aimable tweeter for greater clarity at the listening position. The grill is extremely designer-friendly, and does not use a bezel. The grill mounts securely with small magnets which hold it firmly in place, and the grill material is an attractive perforated metal which looks and sounds great. And you have a choice of either a round or a square grill, at no additional cost.

The speaker can retro-fit into an existing ceiling, and new construction brackets are also available. Installation is simple and straightforward. Custom paint matching is available from Triad, at a modest cost. For distributed audio installations where sound isolation is not an issue, Triad's new InCeiling Silver OpenRound delivers exceptional performance and value with the look everyone wants.

### Features

- Aimable Tweeter.
- Cast basket woofer.
- Designer-friendly grill.

### Enclosure

Open Back, 2-way Design.

### Finishes

Triad's Basic & Custom Finishes are available for this product. The standard finish for this product is White paint. For any other colors, please refer to Triad's Custom Match Finish program for this product. The paint we use is a top quality enamel and is applied with a light pebble finish.

Since all computer monitors and their colors vary, the digital color you see here will be different from the actual product finish.
